

# I-Bus NPS 19-Seat 4x4

Built on the tough Isuzu NPS 4x4 truck chassis with OEM high/low range 4x4 drive train — a go-anywhere coach-style bus for operators who need true off-road capability, fitted with the same mine-spec kit as the big coaches.

## SPECIFICATIONS

|              |                                                        |
